Cookie Policy

We ask that you read this cookie policy carefully as it contains important information on the use of cookies on our website.

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by online service providers to help build a profile of users. They are also used to make websites work, or work more efficiently, as well as to provide information to the owners of the site. Some of this data will be aggregated or statistical, which means that we will not be able to identify you individually.

You can set your browser not to accept cookies and the information below explains how to remove cookies from your browser. However, some of our website features may not function as a result.

Types of cookies

The cookies we place on your device fall into the following categories:

- **Session cookies** — these cookies allow our website to link your actions during a particular browser session. They expire each time you close your browser and do not remain on your device afterwards.
- **Persistent cookies** — these cookies are stored on your device in between browser sessions. They allow your preferences or actions across our website to be remembered. They will remain on your device until they expire, or until you delete them from your cache.
- **Strictly necessary cookies** — these cookies are essential for you to be able to navigate our website and use its features. Without these cookies, the services you have asked for could not be provided.
- **Performance cookies** — these cookies collect information about how you use our website, e.g., which pages you visit most often. These cookies do not collect personally identifiable information about you. All information collected by these cookies is aggregated and anonymous and is only used to improve how our website works.
- **Functionality cookies** — these cookies allow our website to remember the choices you make (such as your username, language, last action and search preferences) and provide enhanced, more personal features. The information collected by these cookies is anonymous and cannot track your browsing activity on other websites.

When we are testing new features, these cookies may be used to ensure that you receive a consistent experience on the site, whilst ensuring we understand which optimisations, our users appreciate the most.

Cookies are used to let us know when you visit our website, how you interact with us and to make your experience using the school website better for you. The cookies we collect may differ depending on what you are looking at on our website. You are able to adapt your cookie preferences but by blocking certain types of cookies, it may mean that your experience on the website is impacted.

There is a notice on our home page which describes how we use cookies and requests your consent to place cookies on your device.
